**Dive into adventure with TGI Maldives,
where the ocean calls to explorers of all kinds!**

Founded in 1983 and officially established as a legal entity in 2009, TGI Maldives has quickly become one of the premier names in recreational diving and snorkeling in the stunning Maldives. Located in the heart of Malé, TGI Maldives features dive bases strategically positioned near some of the world's most famous dive sites, just waiting for adventurers to explore.

Prepare for an unforgettable experience with a diverse array of water activities! Whether you're eager to dive into the depths with our scuba diving courses, feel the thrill of motorized water sports, or embark on dedicated snorkeling excursions, TGI Maldives has something for everyone. Additionally, with our professional photo and video services, you can capture the magic both beneath and above the waves!

Our dive centers cater to every level of diver, from curious beginners to aspiring instructors. The visionary behind TGI, Mr. D'Amato, has developed unique specialty courses that have been celebrated and approved by PADI and are now taught worldwide. As a PADI Course Director since 1994, Mr. D'Amato has been instrumental in training hundreds of instructors from all over the globe. Although he has stepped back from hands-on teaching, he continues to guide TGI as its dedicated CEO

WINDSURF

Learn how to harness the wind and glide across the sparkling lagoon with the exciting water-sport of windsurfing. In our windsurfing lesson, you will learn all the basic skills and techniques needed to get started. This includes how to position your feet on a large board and how to steer the attached sail to catch the wind. Although this watersport can be challenging and physically demanding, once you grasp the basics, you'll be sailing off into the lagoon in no time.

If you're an experienced windsurfer, just show your license to our watersports staff and take a quick competency check, and then you can venture out on your own.

BUBBLEMAKER PROGRAM

Give your kids an extraordinary holiday experience that they will remember for a long time. If they are aged 8 to 9 and are comfortable in the water, they can join the PADI Bubblemaker program.

In this program, they will learn how to use scuba diving equipment specially designed for their age and how to breathe underwater, all under the supervision of a certified dive instructor. They will have the opportunity to dive in a pool or a similar environment at a maximum depth of 2 meters (6 feet).

The entire session will last approximately two hours, providing them the chance to discover the beautiful marine life in our area.

ENRICHED AIR DIVER

SPECIALTY COURSE

The PADI Enriched Air Diver course is PADI's most popular specialty scuba course. Why is it so popular? Because diving with enriched air allows you to have more no-decompression time, particularly on repetitive dives.

If the idea of staying underwater longer and getting back in the water sooner sounds appealing to you, then consider becoming an enriched air diver!

- **Increased No Decompression Limits**
- **Less Nitrogen Bubbles**
- **Safer**
- **Less Tired**
- **Multiple Day Repetitive Dives**
