

## DISCOVER SCUBA DIVING

If you're a non-diver aged 10 or older and are interested in trying diving, this program is perfect for you. The Maldives offers an amazing setting to experience diving for the first time, with its warm, crystal-clear waters, making it one of the highlights of your trip.

The PADI Discover Scuba Diving program will take place in our lagoon. You'll learn how to use scuba diving equipment, breathe underwater, and develop other basic diving skills with a certified dive instructor.

While this program is not a certification course, the open water dive can be credited toward a PADI Scuba Diver or Open Water Course.
